LETTER TO INVESTOR

Dear Investor

On behalf of the investment management team at M&Q Capital Pty Ltd trading as Spatium Capital (**Spatium Capital**) it is our pleasure to present an opportunity to invest in the Spatium Small Companies Fund (**Fund**).

As making informed investment decisions has become increasingly difficult and time consuming, Spatium Capital begins with the premise that listed companies are susceptible to being momentarily oversold or undervalued. To identify these equities at their momentary mispricing, Spatium Capital applies a series of robust filters and a rigid systematic investment strategy to construct a portfolio of, on average, 25 to 40 positions across the ASX300.

For more on Spatium Capital's investment philosophy, strategy and portfolio, we invite you to visit www.spatiumcapital.com.

The Fund has an independent trustee, Vasco Trustees Limited (**Vasco**). Vasco is part of an investment management group that provides responsible entity, trustee and fund administration services to Australian and international investment managers. The Vasco team have significant experience in the Asia Pacific region in the management of equity funds, fixed income funds, REITs, private equity real estate funds, real estate securities funds, and mortgage and real estate debt funds. Some of the funds Vasco's executives have developed include the \$1.5 billion Australian Unity Healthcare Property Trust and the \$1.5 billion AIMS Industrial REIT listed on the Singapore Stock Exchange.

The terms and conditions that apply to all Investors in the Fund are outlined in this Information Memorandum (**IM**). We invite you to read through this IM thoroughly (especially Section 6 entitled "Risks") to allow you to make an informed decision before investing in the Fund.

As we continue to seek undervalued equities in the Australian market, we invite you to join the Spatium Capital journey.

Yours sincerely

2. INVESTMENT STRATEGY AND OBJECTIVE

2.1 OVERVIEW

The Fund is an Australian equity fund focused on generating capital gains over the long-term.

The investment strategy is systematic in nature, designed to identify undervalued equities in markets through processes that focus on robust filters.

- Stage 1 is the filtering process whereby listed equities are presented in the form of buy, monitor and sell indicators.
- Stage 2 focuses on the review and selection of the buy and monitor indicators to identify the most opportune equities for prospective investment.
- Stage 3 involves portfolio construction including purchasing equities the Fund believes are undervalued.

This strategy is a duplicable process and allows the Fund to be both industry and sector agnostic, whilst continuing to focus on equities it believes will appreciate in value. Spatium Capital believes operating a duplicable process mitigates the risk of human interference, bias or error and results in a greater consistency of indicators. Additionally, the Fund maintains a short average holding period per position enabling a highly liquid portfolio that is able to be agile in decision-making when new investment indicators arise.

The Fund aims to generate capital gains over the long-term by exceeding the return achieved by the S&P/ASX Small Ordinaries Index.

At times the Fund may invest in international equities, and it may use futures and options, however the Investment Manager does not presently seek to engage in these investments.

Details about the Investment Manager are set out further below in Section 4.1.

2.2 BORROWINGS

The Fund does not intend to borrow; however, it may do so for the purposes of funding redemptions in the short term.

2.3 VALUATION POLICY

The Trustee maintains and complies with a written valuation policy, which is reviewed at least annually or as market circumstances dictate. This policy may be updated from time to time and is available on the Trustee's website at www.vascofm.com.

3. OFFER DETAILS

3.1 INVESTMENT STRUCTURE

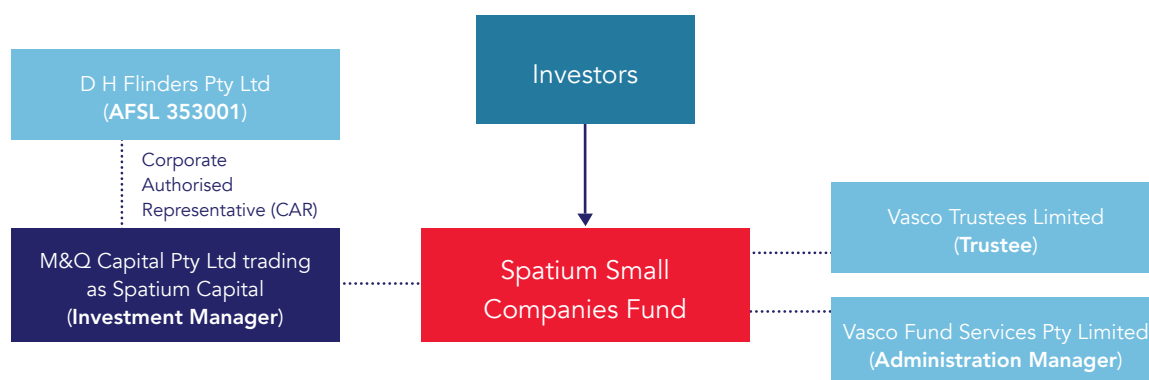

The Fund is an unlisted unregistered managed investment scheme structured as a unit trust and established by a Trust Deed dated 2 January 2020 which regulates the relationship between the Trustee and Investors.

The Trustee has appointed M&Q Capital Pty Ltd as the Fund's Investment Manager, having responsibility for, among other things, marketing the Fund and managing the Fund's investments.

The Trustee has also appointed Vasco Fund Services Pty Limited as the Fund's administration manager, having responsibility for, among other things, processing applications and fund accounting.

The monies contributed by Investors as Application Money will be pooled and invested in accordance with the Investment Strategy detailed in section 2.

The following diagram illustrates the structure of the Fund and relevant parties involved:

Details about the role each of the parties that provide its services to the Fund is provided below in Section 4.

As at the date of this IM, there is no requirement or intention to register the Fund with ASIC or to list the Fund on a secondary market such as the ASX.

3.2 QUALIFYING INVESTORS

This Offer is generally only available to wholesale clients within the meaning of the Corporations Act. A wholesale client means an Investor who:

- invests \$500,000 or more in the Fund or
- if investing less than \$500,000:
 - provides a certificate from a qualified accountant (substantially in a form provided by and available from the Trustee) that states that the Investor has net assets of at least \$2.5 million or has a gross income for each of the last two financial years of at least \$250,000; or
 - is a professional investor (including the holder of an Australian financial services licence, a person who controls more than \$10 million or a person that is a listed entity or a related body corporate of a listed entity); and
- if residing in Singapore, can also demonstrate (in addition to one of the above) they are an accredited investor or certain other person prescribed under s305 of the Securities and Futures Act by providing a declaration to that effect and suitable documentary evidence.

The Trustee has the discretion to accept applications from people who are not Qualifying Investors, provided these people are otherwise permitted by law to participate in the Offer.

The Trustee reserves the right to reject an application without providing a reason.

3.3 ISSUE OF UNITS

Units will be issued using the Unit Price calculated as at the last day of the month in which a completed Application and the investment amount are received and are issued at the start of the following month. Units are expected to be issued within 10 Business Days of the end of the month in which a completed Application and the investment amount are received.

Further detail about applying for Units in the Fund is outlined in Section 10.

3.4 UNIT PRICE

The Unit Price for the initial issue of Units in the Fund is \$1 per Unit.

At any other time, the Unit Price will be based on the underlying value of the Fund's assets and is calculated in accordance with the terms of the Trust Deed. The redemption price for a Unit is also based on the underlying value of the Fund's assets. This price may be different from the price originally paid for the Unit as the Fund's assets are re-valued. Further detail about the Fund's valuation policy is outlined in section 2.3.

The Unit Price will be updated on the Trustee's website from time to time.

The price that will apply to your application may be different from that on the website as the one that will apply will be the one calculated after you submit your application.

3.5 REDEMPTIONS

Subject to available liquidity and the Trustee's discretion, Investors may be able to withdraw from the Fund by giving a Withdrawal Request to the Trustee with 14 days' notice prior to the end of each calendar month.

The Trustee may reject a Withdrawal Request, should the amount payable be less than the Minimum Redemption Amount of \$10,000, subject to the Trustee's discretion to accept a lesser minimum redemption amount.

Further, Investors are required to maintain a minimum holding amount of \$100,000 (**Minimum Holding Amount**), subject to the Trustee's discretion to accept a lesser minimum holding amount.

Pursuant to the terms of the Trust Deed for the Fund, should an Investor's holding amount fall below this minimum, the Trustee may redeem the Units of any Investor without the need for a withdrawal request.

In the event that an Investor submits a Withdrawal Request and this request results in the Investor holding less than the Minimum Holding Amount, the Trustee may treat the Withdrawal Request as a request to redeem all Units held by the Investor.

Where there is insufficient liquidity to satisfy all Withdrawal Requests, investors redemptions will be satisfied on a pro-rata basis each calendar month until all Withdrawal Requests are satisfied.

Withdrawal Request Forms are available online at www.vascofm.com.

Under the terms of the Trust Deed, in certain situations, the Trustee is able to, amongst other things, suspend all redemptions or compulsorily redeem Investors where it believes that doing so is in the best interests of Investors in the Fund as a whole.

3.6 DISTRIBUTIONS

Distributions are expected to be paid to Investors nominated bank accounts within 60 business days following the end of each financial year.

The Trustee reserves the right to make distributions more frequently in its absolute discretion.

Distributions to Investors will take into account the number of Units held by the Investors on the day each distribution is calculated.

The Trustee may also decide not to distribute amounts which it reasonably considers necessary to meet any outgoings or liabilities (actual or contingent) in respect of the Fund including any amounts required for tax withholdings. Taxes paid or withheld that are allocable to one or more Investors will be deemed to have been distributed to such Investors for the purposes of determining the above calculations.

3.7 REINVESTMENT

The Trustee, in its discretion, may decide to permit all or any Distributions be applied to the acquisition of further Units in the Fund in accordance with the Trust Deed. In such cases, the Trustee will offset the amount of the Distribution payable to an Investor with the amount owing for the issue of new Units in the Fund, calculated on the first Business Day after the Distribution is paid at an Issue Price determined in accordance with the Trust Deed.

5.2 PAYMENT OF FUND FEES AND COSTS

The Investment Manager has agreed to pay the fees and expenses payable by the Fund until such time as, in the opinion of the Trustee, they are able to be paid from the assets of the Fund and may at the discretion of the Trustee be reimbursed from the Fund's assets for these payments.

5.3 EXPENSES

The Trustee, Investment Manager and Administration Manager are entitled to be paid or reimbursed for all expenses properly incurred in connection with performing their duties and obligations in the day-to-day operation of the Fund. Such expenses include, but are not limited to, any additional costs associated with the administration or distribution of income, asset management and the management of defaults and arrears.

The Trust Deed for the Fund sets out the right of the Trustee to be paid or reimbursed for expenses of the Fund reasonably and properly incurred by the Trustee in the proper performance of its duties, and include a non-exhaustive list of the types of the expenses to which the Trustee is entitled to be paid or reimbursed.

5.4 BUY/SELL SPREAD

A buy spread will not be factored into the Unit Price calculation for the initial issuance of Units, which will be at \$1.

Other than for the initial issuance, a buy and sell spread will be factored into the Unit Price calculation on the issuance or redemption of Units to represent the costs the Fund may incur when buying or selling assets.

The buy spread is initially expected to be set at 0.1% and the sell spread is initially expected to be set at 0.1%, and will be adjusted to reflect the transaction costs relating to the Fund's investments.

The buy and sell spreads are retained within the Fund and are not fees paid to the Trustee or the Investment Manager.

The buy and sell spreads may be updated from time to time and will be published online at www.vascofm.com.

5.5 CHANGE TO FEES AND OTHER COSTS

The Trustee may change the above fees and expenses charged to Investors by giving at least 30 days written notice to Investors, subject to any fee limits in the Trust Deed. The Trustee may agree with any Investor any fee arrangements with that Investor which are different to the fees set out above.

5.6 GOODS AND SERVICES TAX

Unless otherwise stated, all fees quoted in the IM are quoted exclusive of GST.

5.7 WAIVER, DEFERRAL OR REBATE OF FEES

The Trustee or Investment Manager may accept lower fees and expenses than it is entitled to receive, or may defer payment of those fees and expenses for any time. If payment is deferred, then the fee will accrue until paid. In addition, the Investment Manager or Trustee may waive, negotiate or rebate their fees.

6. RISKS

All investments involve varying degrees of risk.

While there are many factors that may impact on the performance of any investment, the section below summarises some of the major risks that prospective Investors should be aware of when investing in the Fund.

Before investing, prospective Investors should consider whether the Fund is a suitable investment, having regard to their personal investment objectives, financial position, particular needs and circumstances.

Prospective Investors should also consider and take into account the level of risk with which they are comfortable, the level of returns they require, as well as their frequency and nature and their investment time horizon.

Prospective Investors should seek professional advice in setting their investment objectives and strategies.

The risks described below are not exhaustive and whether a risk is specifically referred to in this section or not, that risk may have a material effect on the performance and value of the Fund.

Importantly, prospective Investors should note that the value of an investment in the Fund, and income received by Investors, may rise or fall and, consequently, Investors may suffer losses (including the loss of all of their capital investment in the Fund).

6.1 INFORMATION NOT COMPLETE OR ACCURATE

The Trustee is not in a position to confirm the completeness, genuineness or accuracy of any information or data included in this IM. A significant amount of the material provided in this IM was supplied by third parties, including the Investment Manager.

The Trustee has not carried out an independent audit or independently verified any of the information contained in this IM. It is possible that due to factors such as the passage of time or the uncertainty in the future, the information contained in the IM may be incomplete or inaccurate.

6.2 SMALL COMPANY RISK

Shares in small companies may trade less frequently and in smaller volumes and may experience greater price volatility than larger companies. Small companies may also have more limited operating histories, markets, product lines or financial resources than larger companies. They may also depend heavily on key personnel.

6.3 COMPANY SPECIFIC RISK

Company specific risk is inherent in a particular stock's performance due to factors that are pertinent to that company. These factors will cause a stock's return to differ from that of the market. An investment in a company may be affected by unexpected changes in that company's operations (such as changes in management or loss of a big customer) and business environment. Actively managed funds look to gain exposure to this risk in order to attempt to outperform the market, however this exposure can also lead to underperformance.

6.4 VOLATILITY RISK

Volatility risk is the potential for the price of the Fund's investments or the Unit Price of the Fund itself to vary, sometimes markedly and over a short period of time. Investments in equity securities are traditionally towards the higher end of the risk-return spectrum and an investment in the Fund should be considered a speculative investment. This may lead to fluctuations in the Unit Price and/or amounts distributed to Unitholders, including fluctuation over the period between a redemption request being made and the time of redemption.

6.5 GENERAL INVESTMENT RISK

The returns from investments in the Fund are affected by a range of economic factors, including changes in interest rates, exchange rates, inflation, general share and property market conditions, government policy (including monetary and taxation policy and other laws), fluctuations in general market prices for property, shares, bonds and other tradeable investments and the general state of the domestic and world economies.

The value of an investment may rise or fall, distributions may or may not be paid and Investor's capital may or may not be returned. No guarantee is made by the Trustee, the Investment Manager, or any of their directors, associates or consultants on the performance of the Fund.

6.6 FAILURE TO ACHIEVE INVESTMENT OBJECTIVES

The performance of the Fund relies principally on the ability of the Investment Manager to source and assist in the making and profitable realisation of the investment of the Fund within a specific period of time. There is no assurance that the investment will be or can be acquired in a timely manner or that the investment will be

profitable. Past performance is not necessarily a guide to future performance. There is no assurance that any investor will receive any distribution from the Fund. Accordingly, an investment in the Fund should be considered only by persons who can afford the loss of their entire investment.

6.7 FUND RISK

These are risks specific to managed funds. These risks include that the Fund could terminate, the fees and expenses of the Fund could change, the Trustee may be replaced as trustee and the Investment Manager may be replaced as investment manager of the Fund.

6.8 MANAGEMENT RISK

The Trustee and Investment Manager may elect to retire or may be replaced as the Trustee or Investment Manager of the Fund or the services of key personnel of the Trustee and Investment Manager may become unavailable for any reason.

There is always a risk that the Investment Manager may fail to identify and adequately manage the investment risks in the Fund's portfolio and thus affect the ability to pay distributions or reduce the value of the Units.

Operational risks of the Trustee, the Investment Manager and the Administration Manager include the possibility of systems failure, regulatory requirements, documentation risk, fraud, legal risk and other unforeseen circumstances.

The Fund is relying on the ability of the Investment Manager to achieve its investment objectives. If the Investment Manager were not to continue in its role, the Fund may not be able to achieve these objectives.

It is not the responsibility of the Trustee to assess the merits of the investments recommended by the Investment Manager, but rather to ensure that the investments it proposes to make are within the terms outlined in this IM and permissible under the Trust Deed.

By investing in the Fund, Investors acknowledge that the Investment Manager is responsible for making investment decisions for the Fund and that they have made their own independent investigations to satisfy themselves of the benefit of becoming an Investor in the Fund.

6.9 RETURN RISK

The Fund seeks to deliver returns to Investors. The Fund is targeting returns which are higher than interest paid on basic deposit products. However, Investors should note that an investment in the Fund is not an investment in an ADI (such as a bank) regulated by APRA and an investment in the Fund carries more risk than an investment in a bank. As a general rule, higher potential returns have higher levels of uncertainty (high-risk) than investments with lower potential returns and low levels of uncertainty (low-risk).

The Fund may not be successful in meeting this objective and returns are not guaranteed.

None of the Trustee, the Investment Manager nor any other person or entity guarantees any income or capital return from the Fund.

6.10 PERFORMANCE FEE RISK

Subject to the performance of the Fund, the Investment Manager may be entitled to receive a performance fee. The performance fee may create an incentive for the Investment Manager to make investments that are riskier or more speculative than would be the case in the absence of a fee based on the performance of the Fund.

6.11 RELATED PARTY TRANSACTIONS

The Trustee may from time-to-time face conflicts between its duties to the Fund as trustee and its duties to other funds which it manages or its own interests. The Trustee will manage any conflicts in accordance with its conflicts of interest policy, the Trust Deed, ASIC policies and the law.

The Trustee may from time-to-time enter into transactions with related entities. For example, the Administration Manager is a related party of the Trustee.

The Investment Manager is not a related party of the Trustee. The contractual arrangements between the Trustee and the Investment Manager are negotiated at arm's length between the parties.

6.12 DIVERSIFICATION RISK

The Fund will predominantly invest in securities within the Australian market. As such, the Fund may experience more volatile returns than investing in a more diversified portfolio.

6.13 FOREIGN EXCHANGE RISK

The Fund may trade in offshore markets and therefore may be exposed to the risk of exchange rate movements.

Notwithstanding, that the Investment Manager's do not presently seek to trade in offshore markets, as permitted by the Trust Deed.

6.14 LIQUIDITY RISK

Due to the investments made by the Fund being listed predominantly on the Australia Stock Exchange, in normal circumstances, the investments will be readily sellable. However, occasionally, due to a market event(s), this may not be the case.

6.15 LEGAL, REGULATORY AND COMPLIANCE RISK

Changes in government legislation, regulation and policies generally could materially adversely affect the operating results of the Fund.

The operation of a funds management business in Australia is subject to significant regulation by Australian government authorities including without limitation ASIC, the Australian Transactions Reporting and Analysis Centre, the Foreign Investment Review Board and the Australian Consumer and Competition Commission.

There is a risk that the Fund may not comply at all times with its various obligations under government regulations and this may result in the loss of authorisations of the AFSL held by the Trustee thereby preventing the continued operation of the Fund.

6.16 CYBER RISK AND EXPOSURE

Investors should be aware that while the Trustee has implemented technologies, processes, and practices designed to protect its networks, devices, programs, and data (or Information Technology Systems) such Information Technology Systems may still be subjected to malicious attack, damage, or unauthorized access.

Such Information Technology Systems may include the storage of information concerning an Investor's identity, financial interests or other personal details provided to the Trustee in connection with their investment in the Fund.

In the event serious harm is a likely outcome of a breach of the Trustee's Information Technology Systems, the Trustee or Investment Manager (as may be required) will notify the affected individuals and recommend steps that ought to be taken in response to the breach. The Trustee may also be required to notify any regulatory authority as required by law.

6.17 TAX RISK

Tax regulations can change and changes can be adverse. Prospective Investors should consider their own circumstances before investing.

6.18 CURRENCY RISK

The Fund's investments will be domiciled in Australian dollars and therefore the weakening of a country's currency relative to the Australian dollar will negatively affect the value of the Fund from the perspective of an international investor.

6.19 OPERATING HISTORY

The Fund has no operating history upon which Investors may base an evaluation of its likely performance. The success of the Fund's investment activities will depend almost entirely on the Investment Manager's ability to carry out the proposed investment strategy successfully. While the Investment Manager have previous experience making and managing investments of the type contemplated by the Fund, there can be no assurance that the Fund's investments will achieve returns or will avoid a loss.

6.20 FEES AND EXPENSES

The Fund will incur fees and expenses regardless of whether it is successful. The Fund will pay investment management fees, Trustee fees and administration fees whether or not it receives its returns.

In addition, the Fund will also be required to pay investment management fees, Trustee fees and administration fees whether the funds raised are fully utilised or not. The Fund must therefore ensure that sufficient liquidity is maintained in order to meet these and other expenses.

The Trustee and the Investment Manager expect to incur significant costs and expenses in seeking to source, evaluate, structure, negotiate, close, monitor and exit an investment including, but not limited to, financial, legal, technical, regulatory, commercial advisers, engaged to assist the Trustee and the Investment Manager in seeking to source, evaluate, structure, negotiate, close, monitor and exit the investment. There can be no assurance that the Fund will be successful in being able to recover these fees and expenses from a successfully closed investment. These amounts may be significant and could have an adverse impact on the return that Investors might otherwise realise.

6.21 THINLY-CAPITALISED MANAGEMENT

The Investment Manager does not have any material independent financial resources. If an action or claim is brought against the Investment Manager and such claim is not covered by the professional indemnity or directors' and officers' insurance policies arranged by or on behalf of the Investment Manager, the Fund cannot assure that the Investment Manager will have sufficient financial resources to cover any amounts payable under any such claim. The Fund is reserved to certain wholesale investors who are required to be aware of the risks involved in an investment such as the Fund and who accept that they will have recourse only to the Fund's assets in existence at any given time.

6.22 OTHER RISKS

It is important to note that not all risks can be foreseen. It is therefore not possible for the Investment Manager to protect the value of the Fund's investment from all risks. Investors should ensure they obtain appropriate professional advice regarding the suitability of an investment in the Fund having regard to their individual circumstances, including investment objectives, their level of borrowings, their financial situation and individual needs.

Whilst the Investment Manager has taken steps to ensure that the information presented in this IM is correct, it is possible that due to factors such as the passage of time or the uncertainty in forecast details that the information contained in this IM may be inaccurate at the date of release of the IM or at a later time.

The Trustee has not sought to verify any statements contained in this IM about the investment opportunity described herein, the investment strategy employed by the Investment Manager, the Investment Manager's business or the business of any other parties named in this IM.

Neither the Trustee nor Investment Manager guarantees the repayment of investments or the performance of the Fund. We strongly recommend that Investors obtain independent financial advice before investing in the Fund.

7. TAXATION INFORMATION

Each Investor's taxation position will depend on their individual circumstance and Investors should seek their own taxation advice in relation to the taxation of income distributed by the Fund, whether interest, dividends, capital gains, etc.

7.1 TAX FILE NUMBER AND AUSTRALIAN BUSINESS NUMBER

It is not compulsory for an Investor to quote a Tax File Number (TFN), claim a valid exemption for providing a TFN, or (in certain circumstances) provide an Australian Business Number (ABN). However, if an Investor does not provide a TFN, exemption or ABN, tax will be required to be deducted from the Investor's distributions at the highest marginal tax rate plus Medicare levy and any other applicable Government charges (currently 49%).

7.2 STAMP DUTY ON THE TRANSFER OF UNITS

As the register of the Fund will be maintained in Victoria, no marketable securities duty is payable on the transfer of Units in the Fund. Land rich or landholder duty may be payable in the issue, redemption or transfer of Units in any Australian jurisdiction where the Fund owns or has an interest in land.

7.3 FOREIGN ACCOUNT TAX COMPLIANCE ACT (FATCA)

FATCA is United States (US) tax legislation that enables the US Internal Revenue Service (IRS) to identify and collect tax from US residents that invest in assets through non-US entities. If you are a US resident for tax purposes, you should note that the Fund is or is expected to be a 'Foreign Financial Institution' under FATCA and it intends to comply with its FATCA obligations, as determined by either the FATCA regulations or any inter-governmental agreement (IGA) entered into by Australia and the US for the purposes of implementing FATCA. Under these obligations, the Fund will have to obtain and disclose information about certain Investors to the Australian Taxation Office (ATO). In order for the Fund to comply with its obligations, we will also request that you provide certain information about yourself, including your US Taxpayer Identification Number (TIN). We will only use such information for this purpose from the date the Fund is required to do so.

7.4 COMMON REPORTING STANDARDS (CRS)

CRS is the standard set by the Organisation for Economic Co-operation and Development (OECD) for the automatic exchange of information with revenue authorities for tax non-residents that invest in certain financial accounts. The standard covers both the identification of tax non-residents and reporting on the applicable financial accounts. The Trustee is a 'Reporting Financial Institution' under CRS and intends to comply with its CRS obligations under any relevant Australian laws and regulations, including obtaining and disclosing information about certain investors to the ATO or other foreign tax authorities as required. To facilitate these disclosures, Investors will be required to provide certain information such as that relating to their country of tax residence and their relevant taxpayer identification number (if applicable).

8. ADDITIONAL INFORMATION

8.1 SUMMARY OF MATERIAL DOCUMENTS

The following is a summary of material documents relevant to the Fund. The material documents are:

1. Trust Deed
2. Investment Management Agreement
3. Administration Agreement

You should consider whether it is necessary to obtain independent advice on any of the documents.

1. TRUST DEED

The Trust Deed is the primary document that governs the way the Fund operates and sets out many of the rights, liabilities and responsibilities of both the Trustee and Investors.

Each Unit gives you an equal and undivided interest in the Fund. However, a Unit does not give you an interest in any particular part or asset of the Fund. Subject to the Trust Deed, as an Investor you have the following rights:

- the right to share in any distributions.
- the right to attend and vote at meetings of Investors.
- the right to participate in the proceeds of winding up of the Fund.

The Trust Deed contains provisions about convening and conducting meetings of Investors. Under the Trust Deed, the Trustee may create different Unit classes which may have different rights and obligations.

The Trustee can amend the Trust Deed without Investors' approval provided it reasonably considers the change will not adversely affect Investors' rights.

The Trust Deed can also be amended by a special resolution passed by Investors.

A copy of the Trust Deed is available free of charge by contacting the Trustee.

2. INVESTMENT MANAGEMENT AGREEMENT

The Investment Management Agreement is between the Investment Manager and the Trustee under which the Investment Manager provides marketing and investment management services.

The Investment Management Agreement will remain in force until the Fund is wound up, unless the agreement is terminated earlier in accordance with its provisions. The agreement can be terminated by the Trustee if the Investment Manager is in breach of the agreement, and that breach has not been remedied after a certain time. There are also provisions allowing the Trustee to terminate if, for example, the Investment Manager becomes insolvent.

The Investment Manager is permitted to terminate the agreement in certain circumstances, such as if the Trustee ceases to be the trustee for the Fund.

3. ADMINISTRATION AGREEMENT

The Administration Agreement is between the Administration Manager and the Trustee under which the Administration Manager provides fund administration and accounting services to the Fund.

8.2 PRIVACY

In applying to invest, you are providing the Trustee and the Investment Manager with certain personal details (your name, address etc.). The Trustee uses this information to establish and manage that investment for you.

Under the Privacy Act 1988 (Cth), you can access personal information about you held by the Trustee, except in limited circumstances. Please let the Trustee know if you think the information is inaccurate, incomplete or out of date. You can also tell the Trustee at any time not to pass on your personal information by advising it in writing.

If you do not provide the Trustee with your contact details and other information, then it may not be able to process your application to invest.

Under various laws and regulatory requirements, the Trustee may have to pass-on certain information to other organisations, such as the Australian Tax Office or the Australian Transaction Reports and Analysis Centre (AUSTRAC).

By applying to invest, you give the Trustee permission to pass information it holds about you to other companies which are involved in helping it administer the Fund, or where they require it for the purposes of compliance with

AML/CTF law or in connection with the holding of Application Money. The Trustee may also use your information to provide you with details of future investment offers made by it or the Investment Manager.

8.3 COMPLAINTS HANDLING

Applicants and Investors who wish to make a complaint about the Fund should contact the Trustee by telephone on (03) 8352 7120, by email to info@vascofm.com, or in writing addressed to:

The Trustee will acknowledge a complaint as soon as practicable after receiving it and will notify the complainant of its decision, remedies and other information within 45 days of the complaint being made.

As the Fund is an unregistered managed investment scheme, complainants do not have recourse to the Australian Financial Complaints Authority (AFCA).

8.4 ANTI-MONEY LAUNDERING LAW

The Trustee is required to comply with the Anti-Money Laundering and Counter Terrorism Financing Act 2006 (**AML/CTF Law**). This means that the Trustee will require potential Investors to provide personal information and documentation in relation to their identity when they invest in the Fund. The Trustee may need to obtain additional information and documentation from Investors to process applications or subsequent transactions or at other times during the period of the investment.

The Trustee may need to identify:

- (a) an Investor prior to purchasing Units in the Fund. The Trustee will not issue Units until all relevant information has been received and an Investor's identity has been satisfactorily verified; and
- (b) anyone acting on behalf of an Investor, including a power of attorney.

In some circumstances, the Trustee may need to re-verify this information.

By applying to invest in the Fund, Investors also acknowledge that the Trustee may decide to delay or refuse any request or transaction, including by suspending the issue or withdrawal of Units in the Fund, if it is concerned that the request or transaction may breach any obligation of, or cause the Trustee to commit or participate in an offence under, any AML/CTF Law, and the Trustee will incur no liability to Investors if it does so.

8.5 TRANSFER OF UNITS

You can transfer the ownership of your Units at any time provided that the transferee meets the requirements of an Investor in the Fund and has been approved by the Trustee.

Under the Trust Deed, the Trustee has the discretion to refuse the transfer of Units and is not obliged to accept a transfer of Units. Please note that a transfer of Units may have taxation consequences.

There will not be any established secondary market for the sale of Units.
